

Our **Summer Intensive Workshop** features the talented and esteemed staff of Betty Jo's Dance Center as well as guest instructors.

Dance education requires consistency to produce excellence. The Intensive is designed to grow a dancer's passion and technique in a wide variety of dance disciplines. This is a great opportunity for all students, whether they are seeking competitive or recreational training.

Students will be able to explore dance forms that they may not have time to fit in their schedules during the school year.

An audition will be held on June 29, 2017 for Company placement.

*Please see separate **Summer Dance Classes brochure** for information regarding a variety of dance classes for all ages offered in June, July and August sessions. Kick Team classes are included in this brochure.
